

# Valentine Card Confetti

By Anita Bell

## You will need:

Sheet of white tissue paper  
Pack of foil glitter  
PVA glue mixed 50/50 with water  
Card blank  
Packet of mixed confetti containing hearts  
and cupids  
Double-sided tape

## Step 4:

When dry trim tissue paper sandwich to fit card and use doubled-sided tape to fix into aperture.

## Instructions:

### Step 1:

Cut two pieces of tissue paper bigger than the aperture in your card.

### Step 2:

Paint one piece of tissue paper with PVA glue mix and sprinkle over foil confetti.

### Step 3:

Paint the other piece with PVA glue mix and lay over the top of the first sheet, glue side down, to sandwich the confetti in the middle.

## Step 5:

Use PVA to fix hearts and cupids as shown in picture.

## Step 6:

Fill card with further confetti shapes before putting in the envelope.

## Tip!

This card can be adapted to other occasions.
