

How to make...

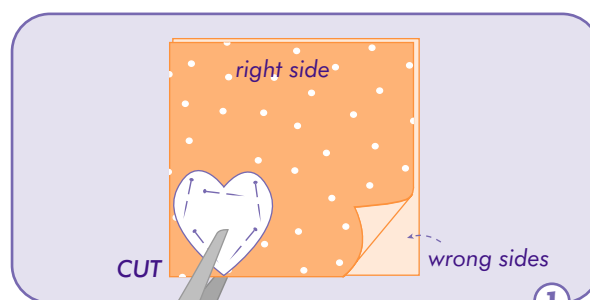

Cute keyrings!

STITCH: Straight stitch and overstitch
SKILLS: Pinning; cutting
MATERIALS: Fabric; stuffing; keychains

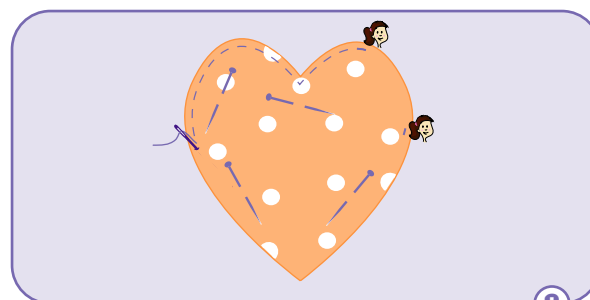

STEP 1

Pin your shape template to **2** layers of fabric **wrong sides together**. Cut out.

STEP 2

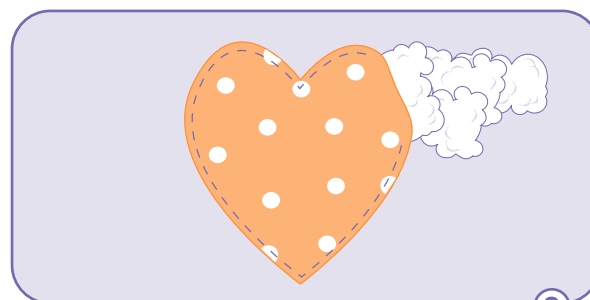

Start sewing where you want your keychain to be.

Remember to start and end with a double stitch!

STEP 3

Sew around the shape, leaving a small gap for stuffing.

STEP 4

Now sew the gap and add your keychain using lots of overstitches on top of each other to make it secure.
